brings up overlay w/ location info

For larger format, content area could show more of the text on Tickets & Showtimes pages.

Showtimes

November	
29 8pm	🎫
30 3pm	🎫
December	
02 7pm	🎫
03 2 & 8pm	🎫
04 8pm	🎫

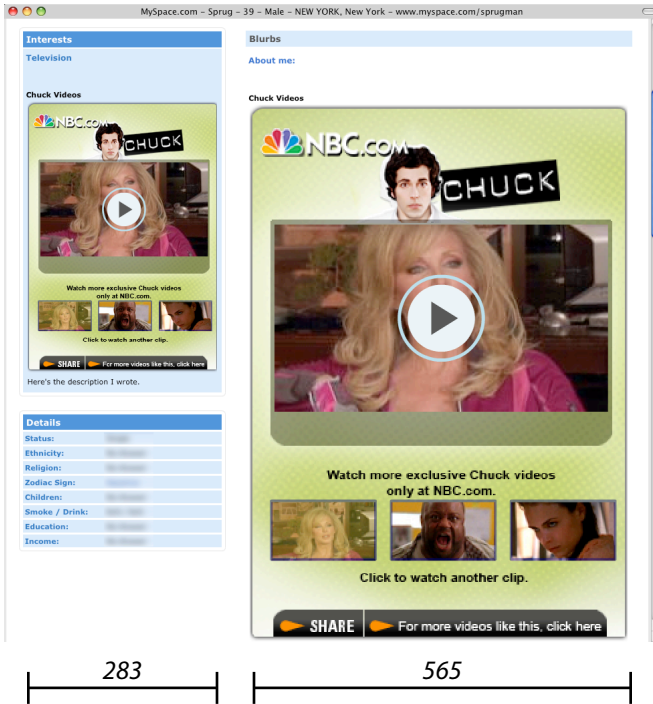

brings up overlay w/ link to ticketmaster (or maybe direct link)

mini version w/ more room for text

PLACEMENT

As can be seen in the screenshots below the size of the widget can vary quite a bit depending on platform, and where in the platform it's placed. For these wireframes, I've focused on the Boxes section of Facebook, which has a width of 380 px, as the native resolution for the widget.

MySpace Profile (v. 2.0, default layout)
